6) Circle if you were provided with preparation materials:					<input checked="" type="radio"/> YES <input type="radio"/> NO

Comments and/or suggestions for improvement:

Chris Soentpiet's performance was well prepared. He sent books ahead of time so that our students could familiarize themselves with his work. Some of our teachers did lessons using his books before and after his performance. His two presentations were outstanding! He was able to capture the attention of all students (grades one through five). He used audience participation-this is a great technique that really helps to keep the students interested.
